INDEX TO VOLUME 8

A

Abdomen, puncture of, in diagnosis of peritonitis in childhood, 741
Abt, Arthur F., Farmer, C. J., and Epstein, I. M., 1
Acetylsalicylic acid, prolonged use of, with addition of magnesium oxide in treatment of rheumatic infection in children, 41
Acidi-lactici, B., meningitis in newborn infant, 434
Acidosis and dehydration with calcification at renal tubules, 489
Adams, Harold B., 544
Adams, J. R., and Nowlin, P., 200
Address of president of American Academy of Pediatrics, 657
Adiposogenital dystrophy in boys, treatment with hormone from pregnancy urine, 704
Adolescence, certain physical and physiologic aspects of development in girls, 52
Aldrich, C. Anderson, 381
Allergic diseases, common, 544
  critical review, 500
  prophylaxis of, 470
American Academy of Pediatrics, committee on clinical investigation and scientific research, report of, 124
  meeting, executive board, 122
    annual, sixth, 773
    region II, 264
    region III, 254
  news, 130, 273, 528
  panel discussion on pituitary gland, 390
  proceedings, 104, 249, 390, 516, 646, 773
  round table discussion on encephalitis, 516
    nutrition during newborn period, 646
    prematurity, 104
    rheumatic heart disease in children, 249
Ames, Frederick D., and Smith, C. A., 205
Ascorbic acid (*see* cevitamic acid)
Atresia of vulva in children, 200

B

Bakwin, Harry, and Bakwin, R. M., 177
Bakwin, Ruth Morris, and Bakwin, H., 177
Banana powder and fecal flora of infants, 630
Bartlett, Frederic, Kereszturi, C., Hauptman, D., and Park, W. H., 166
Beverly, Bert I., 533
Bismuth subnitrate poisoning in an infant, 624
Bleyer, Adrian, and Siebert, W. J., 193
Blood cells, erythrocytes, sedimentation of, comparative value of, and Schilling differential blood count in acute rheumatic fever in childhood, 184
  coagulation of, extract from human placenta for, in treatment of hemophilia, 135
  culture of, routine, interpretation of, in young children, 438
  lysozyme content of, 24
  plasma of, normal cevitamic acid determinations in, and their relationship to capillary resistance, 1
Body weight at birth, seasonal variations of, of newborn, 459
Bones, multiple cystic tuberculosis of, and generalized tuberculosis of lymph nodes, 292
Book review, American Pediatric Directory, 654
  Infant Nutrition, 402
  Lobar Pneumonia and Serum Therapy, 402
  Manual of Contagious Diseases, 402
  Mechanics of Normal and Pathological Locomotion in Man, 274
  Medical Papers, Dedicated to Henry Asbury Christian, 653
  Proceedings of Third Conference on Psychiatric Education, 653
  Study of Johnny and Jimmy, 133
  Width-Height Tables, 653
Boyd, Julian D., 234
Boys, adiposogenital dystrophy, treatment of, in, 704
Bradford, William L., and Roberts, J. B., 24
Brahdy, M. Bernard, and Lenarsky, M., 420
Brown, Alan, Drake, T. G. H., and Tisdall, F. F., 161
— and Snelling, C. E., 330
Bruton, Ogden C., 63
Butler, Allan M., Wilson, J. L., and Farber, S., 489

C

Calcification, dehydration and acidosis with, at renal tubules, 489
Calcium, deposition of, following intramuscular administration of calcium gluconate, 348
  retention of, factors influencing, by infants given whole milk feedings: I. curding agent, 403
    of infants fed sweetened condensed milk, 415
  serum, and summer tetany, 584
Campbell, Meredith C., 748
Capillary resistance, normal cevitamic acid determinations in blood plasma and their relationship to, 1
Carey, Benjamin W., Jr., 626
Caries, dental, with relation to bacteria and diet, 725
Caulfield, Ernest, 226
Celiac disease, intestinal absorption and gastrointestinal motility, 563
Cerebrospinal fluid, glucose in, quantitative determination of, indigo carmine for, 20
Cevitamic acid determinations, normal, in blood plasma and their relationship to capillary resistance, 1
Childhood (*see* children)
Children, common allergic disorders in, 544
  diet of, and deterioration of cod liver oil, 734
  disorders of internal gland secretion in (critical review), 96
  edema in, as expression of chronic dietary insufficiency, 442
  lead encephalopathy in, 315
  leucemia in, 66
  lymph gland, calcified abdominal, in, 205
  male, enuresis in, simple mechanical method for treatment of, 197
  peritonitis in, diagnosis of, by abdominal puncture, 741
  rheumatic fever, acute, comparative value of Schilling differential blood count and sedimentation of erythrocytes in, 184
    heart disease in: treatment of (round table conference), 249
  infection in, treatment of, prolonged use of acetylsalicylic acid with magnesium oxide in, 41

Children, Cont'd
serum albumin moderately reduced, in, occurrence of, in a southern clinic, 452
thrombosis of internal cerebral veins in, 600
urologic investigation in, indications for, 748
vulva, atresia of, in, 200
Choroid plexus, papilloma of, in an infant, 193
Christian, Henry Asbury, Medical Papers Dedicated to, 653 (book review)
Clifford, Stewart H., 367
Clinics, pediatric, Universitäts-Kinderklinik (Charité), Berlin, 634
Coady, Harriet F., Eley, R. C., Green, A. A., McKhann, C. F., and Kapnick, I., 135
Cod liver oil, deterioration of, and diet of children, 734
Cohn, David J., and Levinson, A., 20
Comments, 655
Committee on clinical investigation and scientific research, of American Academy of Pediatrics, report of, 124
Congenital shortening of esophagus, 38
Contagious Diseases, Common, Manual of, 402 (book review)
incidence of, without quarantine in the pediatric service of Fifth Avenue Hospital, 166
Correspondence, 531
Courville, Cyril B., and Ehlers, H., 600
Craig, John Dorsey, and Mackenzie, L. L., 434
Critical review, allergic diseases, 500
diets, therapeutic use of, 234
disorders of internal glands in children, 96
growth and development, 381
infection and immunity, local, 638
progress of public health and its relation to child, 758

D

Dehydration and acidosis with calcification at renal tubules, 489
Denzer, Bernard S., 741
Development, adolescent, certain physical and physiologic aspects of, in girls, 52
and growth, 381 (critical review)
emotional, effect of illness upon, 533
vitamin B supplement, influence of, during infancy, 352
Diamond, Jerome, 697
Diaphragm, eventration of, 593
Diet of children and deterioration of cod liver oil, 734
chronic insufficiency of, edema in infancy and childhood as expression of, 442
therapeutic use of, 234 (critical review)
Dietrich, Henry, 657
Diphtheria, alum toxiod, reactions from, 676
Directory, American Pediatric, 654 (book review)
Dodd, Katharine, Minot, A. S., and Keller, M., 442, 452
Dorff, George B., 704
Drake, T. G. H., Tisdall, F. F., and Brown, A., 161
Duodenum, volvulus of, in newborn, 346

E

Edema, in infancy and childhood as expression of chronic dietary insufficiency, 442
water and mineral exchanges in, effect of posterior pituitary extract on, 277
Education, Psychiatric, Third, Conference, on Proceedings of, 653 (book review)
Ehlers, Hertha, and Courville, C. B., 600
Eley, R. Cannon, Green, A. A., McKhann, C. F., Kapnick, I., and Coady, H. F., 135
Elias, Herbert L., and Turner, R., 352
Encephalitis, round table discussion on, 576
Encephalopathy, lead, in children, 315
Enuresis, statistical and analytical study, 570
treatment of, simple mechanical method for, in male children, 197
Epstein, I. M., Abt, A. F., and Farmer, C. J., 1
Esophagus, shortening of, congenital, 38
Eventration of diaphragm, 593

F

Farber, Sidney, Butler, A. M., and Wilson, J. L., 489
Farmer, Chester J., Abt, A. F., and Epstein, I. M., 1
Feldstein, George J., and Goldstein, J. H., 720
Fibroma of mesentery in six-day-old infant, 63
Fine, Archie, and von Meysenbug, L., 630
Flora, fecal, of infants, and banana powder, 630
Food, infant, antirachitic value of irradiated evaporated milk and irradiated whole fluid milk as, 154
Fredeen, Robert C., and Neff, F. C., 584

G

Gastrointestinal portal of entry in poliomyelitis, 664
motility, in celiac disease, 563
Genitals, male, imperfectly developed, use of gonadotropic hormone for, 704
Gillespie, James B., 38
Girls, adolescent development in, certain physical and physiologic aspects of, 52
Glands, lymph, abdominal, calcified, in children, 205
Glaser, Jerome, and Landau, D. B., 197, 470
Glucose, quantitative determination of, in cerebrospinal fluid, indigo carmine for, 20
Goff, Eva A., Jeans, P. C., Stearns, G., McKinley, J. B., and Stinger, D., 403
Goldstein, Julius H., and Feldstein, G. J., 720
Green, Arda Alden, Eley, R. C., McKhann, C. F., Kapnick, I., and Coady, H. F., 135
Growth and development, 381 (critical review)
thirty-two external dimensions of, during first year of life, 177
Study of Johnny and Jimmy, 133 (book review)
vitamin B supplements, influence of, during infancy, 352

H

Harris, Leonard H., and Levinson, A., 315
Harrison, Harold E., 415
Hauptman, David, Kereszturi, C., Park, W. H., and Bartlett, F., 166
Health, maternal, vitamin B supplements, influence of, during gestation and labor, 352
Heart disease, rheumatic, treatment of, in children, round table conference, 249
Heffron, Roderick, and Lord, F. T., 402
Hemangio-endotheliomas, multiple, of liver, 588
Hemophilia, blood coagulant extract from human placenta in treatment of, 135

Heymann, Walter, 480
von Hofe, Frederick H., and Jennings, R. E., 348
Hormone, gonadotropic, from urine of pregnant women, use of, for adiposogenital dystrophy in boys, 704
Howard, William Allen, 588
Huntington, Robert W., 438

I

Illness, effect of, upon emotional development, 533
Indigo carmine for quantitative determination of glucose in cerebrospinal fluid, 20
Infant, bismuth subnitrate poisoning in, 624
choroid plexus, papilloma of, in, 193
feeding, milk, sweetened condensed, retention of nitrogen, calcium, and phosphorus of infants, 415
whole, curding agent of, factors influencing retention of calcium, phosphorus and nitrogen by infants, 403
newborn, Bacillus acidi-lactici meningitis in, 434
volvulus of duodenum in, 346
six-day-old, fibroma of mesentery in, 63
Infants, edema in, as an expression of chronic dietary insufficiency, 442
fecal flora of, and banana powder, 630
growth, thirty-two external dimensions of, during first year of life, 177
leucemia, monocytic, in, 679
newborn, birth weight of, seasonal variation of, 459
round table discussion on, 646
thrombosis of internal cerebral veins in, 600
young, interpretation of routine blood cultures, 438
Infection and immunity, local, 638 (critical review)
Internal gland secretion, disorders of, in children, 96 (critical review)
Intestine, absorption from, in celiac disease, 563

J

Jacobson, A. Wilmot, 292
Jaundice, hemolytic, case of, with bone changes, 330
Jay, Philip, 725
Jeans, P. C., Stearns, G., McKinley, J. B., Goff, E. A., and Stinger, D., 403
Jennings, Robert E., and von Hofe, F. H., 348

K

Kaiser, Albert D., 41
Kapnick, Israel, Eley, R. C., Green, A. A., McKhann, C. F., and Coady, H. F., 135
Kato, Katsuji, 679
Keller, Margaret, Dodd, K., and Minot, A. S., 442, 452
Kereszturi, Camille, Hauptman, D., Park, W. H., and Bartlett, F., 166
Kidney, tubules of, dehydration and acidosis with calcification at, 489

L

Lactation, vitamin B supplements, influence of, on, 352
Landau, Daniel B., and Glaser, J., 197, 470
Landon, John F., 593
Lead poisoning, encephalopathy in children, 315
Lenarsky, Maurice, and Brahdy, M. B., 420
Leucemia, childhood, 66
monocytic, in eighteen-month-old infant, 679
Levinson, Abraham, and Cohn, D. J., 20 and Harris, L. H., 315
Lewis, J. M., 308
Li, Ting-An, 459
Listerella, B., genus of, acute cerebrospinal meningitis due to, 626
Liver, hemangio-endotheliomas, multiple, of, 588
Locomotion, Mechanics of Normal and Pathological, in Man, 274 (book review)
Lord, Frederick T., and Heffron, R., 402
Lymph nodes, generalized tuberculosis of, and multiple cystic tuberculosis of bones, 292
Lymphoblastoma, cutaneous, 338
Lysozyme content of blood, 24

M

Mackenzie, Locke L., and Craig, J. D., 434
McGraw, Myrtle B., 133
McKhann, Charles F., Eley, R. C., Green, A. A., Kapnick, I., and Coady, H. F., 135
McKinley, John B., Jeans, P. C., Stearns, G., Goff, E. A., and Stinger, D., 403
McQuarrie, Irvine, Thompson, W. H., and Ziegler, M. R., 277
Maddock, R. K., 338
Magnesium oxide, prolonged use of acetylsalicylic acid with addition of, in treatment of rheumatic infection in children, 41
Marriott, W. McKim, 402
Mastoid, suppuration, chronic, with mesenteric thrombosis, 720
Meningitis, Bacillus acidi-lactici in newborn infant, 434
cerebrospinal, acute, with organism of genus listerella, 626
lymphocytic acute, 148
Mesentery, fibroma of, in six-day-old infant, 63
Metabolism, water, and mineral exchanges in edema, effects of posterior pituitary extract on, 277
von Meysenbug, L., and Fine, A., 630
Milk, condensed sweetened, retention of nitrogen, calcium and phosphorus of infants fed, 415
curding agent of, 403
evaporated, irradiated, antirachitic value of, and irradiated whole fluid milk in infants, 154
irradiated, in prevention of rickets, 161
Minot, A. S., Dodd, K., and Keller, M., 442, 452
Mortality, neonatal, study of, 367

N

Neff, Frank C., and Fredeen, R. C., 584
Newborn (*see* infant, newborn)
News and notes, 131, 273, 530, 794
Nicholson, Percival, 363
Nightingale, Arthur, and Runsdorf, H. N., 624
Nitrogen retention, factors influencing, in infants given whole milk feedings: I. curding agent, 403
retention in infants fed sweetened condensed milk, 415
Nowlin, Preston, and Adams, J. R., 200
Nutrition, Infant, 402 (book review)

P

Panel discussion on pituitary gland, 390
Papilloma of choroid plexus in infant, 193
Park, William H., Kereszturi, C., Hauptman, D., and Bartlett, F., 166
Pediatrician today and tomorrow, 657
Pediatrics, changing practice of, 375
Peritonitis, diagnosis of, in childhood, abdominal puncture in, 741

Pertussis (*see* whooping cough)
Phosphorus retention, factors influencing, in infants given whole milk feedings: I. curding agent, 403
of infants fed sweetened condensed milk, 415
Pierce, Mila, 66
Pituitary gland, panel discussion on, 390
posterior extract of, effects of, on water and mineral exchanges in edema, 277
Placenta, human, blood coagulant extract from, in treatment of hemophilia, 135
Pneumonia, lobar, and serum therapy, 402
Poisoning, bismuth subnitrate, in an infant, 624
Poliomyelitis, acute epidemic, respiratory failure in, 420
gastrointestinal portal of entry in, 664
Portal of entry, gastrointestinal, in poliomyelitis, 664
Potter, Alfred H., 346
Prematurity, round table conference, 104
Pryor, Helen B., 52, 653
Public health, progress of, as it relates to child, 758 (critical review)
Purpura, anaphylactoid or allergic, 697

Q

Quarantine, incidence of, common contagious diseases without, in Fifth Avenue Hospital, 166

R

Rambar, Alwin C., 582
Rapoport, Milton, and Stokes, J., Jr., 154
Ratbite fever, 693
Rattles, essay on, 226
Respiration, failure of, in acute epidemic poliomyelitis, 420
Reticuloendotheliosis, leucemic, hematology and pathology of, 679
Rheumatic fever, acute, comparative value of Schilling differential blood count and sedimentation of erythrocytes in, in childhood, 184
treatment of, in children, prolonged use of acetylsalicylic acid with addition of magnesium oxide in, 41
Rickets, prevention of, irradiated evaporated milk in, 161
comparative antirachitic value of crystalline vitamin D administered in milk, corn oil, or in propylene glycol, 308
value of irradiated evaporated milk and irradiated whole fluid milk in infants, 154
Roberts, Justin B., and Bradford, W. L., 24
Rogatz, Julian L., 184
Round table conference on encephalitis, 516
newborn, 646
prematurity, 104
treatment of rheumatic heart disease in children, 249
Runsdorf, H. Norman, and Nightingale, A., 624

S

Schilling blood count (*see* blood cells, Schilling)
Schönfeld, Dr., 634
Sedimentation (*see* blood cells, erythrocyte)
Septicemia, hemolytic streptococcus, treatment of unusual case of, 363
Serum albumin, reduced, occurrence of, in five hundred children in a southern clinic, 452
calcium and summer tetany, 584
Serum, Cont'd
therapy and lobar pneumonia, 402 (book review)
Shafton, Arthur L., 676
Siebert, Walter J., and Bleyer, A., 193
Smith, Clement A., and Ames, F. D., 205
Smith, Joe T., 654
Smyth, Francis Scott, 500
Sneezing, paroxysmal, in whooping cough, 582
Snelling, Charles E., and Brown, A., 330
Stafford, Henry E., 375

Stokes, Joseph, Jr., and Rapoport, M., 154
Streptococcus, hemolytic, treatment of unusual case of septicemia due to, 363
Stuart, Harold C., 758

T

Talbot, Fritz B., 96
Tallerman, Kenneth, 531
Teeth, caries (*see* caries, dental)
Tetany, summer, and serum calcium, 584
Thompson, W. H., McQuarrie, I., and Ziegler, M. R., 277
Thrombosis of internal cerebral veins in infancy and childhood, 600
mesenteric, with mastoid suppuration, 720
Thyroid gland and growth, 381 (critical review)
Tisdall, Frederick F., Drake, T. G. H., and Brown, A., 161
Toomey, John A., 148, 638, 664
Toxoid, diphtheria, alum, reaction from, 676
Tuberculosis, cystic, multiple, of bones, and generalized tuberculosis of lymph nodes, 292
Turner, Reuben, and Elias, H. L., 352

U

Urology, cystoscopic investigation indications for, in children, 748

V

Variation, individual, significance of, 31
Veins, internal cerebral, thrombosis of, in infancy and childhood, 600
Vitamin B, influence of, on growth and development during infancy; on maternal health during gestation and labor; and on lactation, 352
D, crystalline, comparative, antirachitic value of, administered in milk, corn oil or propylene glycol, 308
mode of action and metabolism of, 480
Volvulus of duodenum in newborn, 346
Vulva, atresia of, in children, 200

W

Wade, Arthur E., 563
Washburn, Alfred H., 31
Weiss, Sidney, 570
Whipple, Dorothy V., 734
Whooping cough, paroxysmal sneezing in, 582
